Field procedure

**Fallen**

The photograph shows a dark-colored animal carcass lying on a rocky, light-colored ground. The animal's body is severely damaged, with significant blood loss and exposed internal organs. A white ruler is placed vertically next to the carcass for scale, indicating its size. The word "Fallen" is written in a white box in the upper left corner of the image area.

**KORA**

Field procedure

**Dead birth**

The photograph shows a dark-colored animal carcass lying on a rocky, light-colored ground. The animal's head is the primary focus, showing a large, bloody wound on its face. The word "Dead birth" is written in a white box in the upper right corner of the image area.
