

Carlton E. et al. 2025. Arabian Leopard recovery: Results of the first Green Status of Species assessment. Cat News 82, 35. Supporting online material

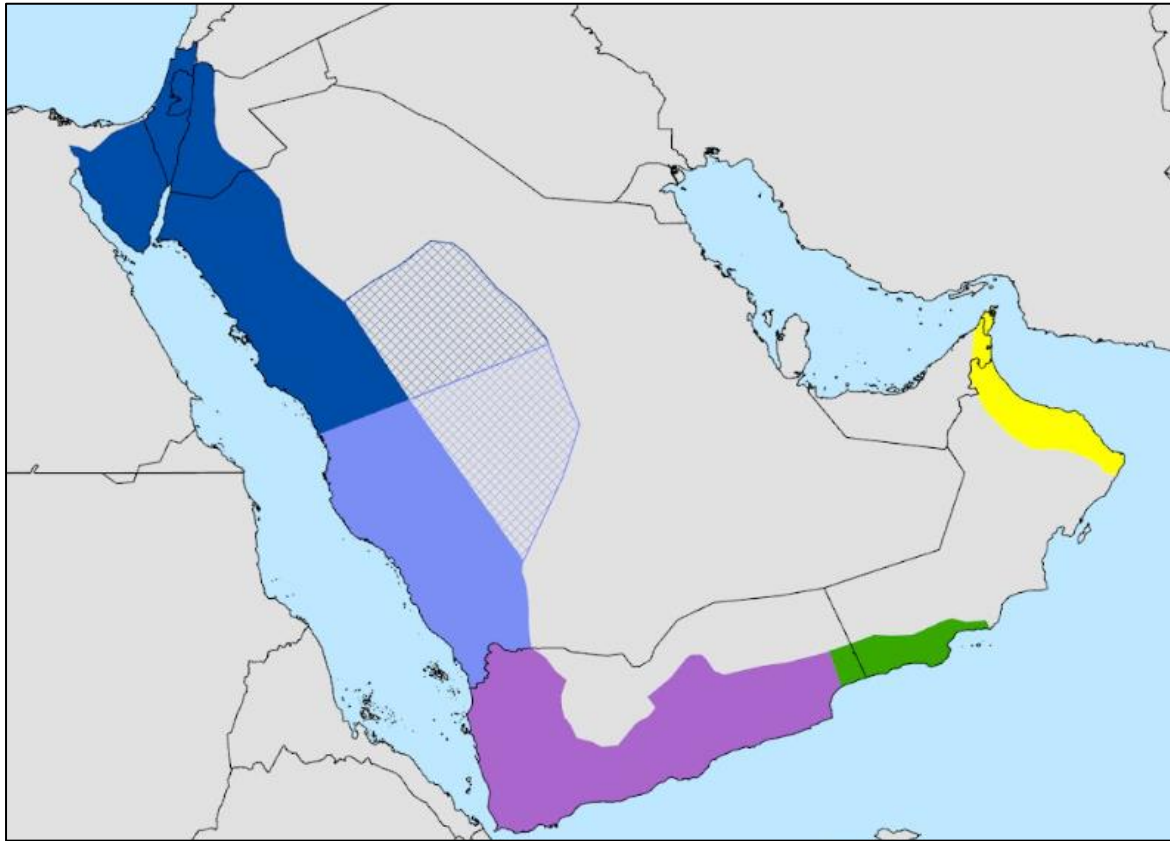

Fig SOM. Arabian leopard spatial units (Al Hikmani et al. 2025). Dark blue = North-west Arabia (Hijaz Mountains, Jordanian Highlands, An-Naqab / Negev desert, Sinai Peninsula); light blue = West Arabia (Asir Mountains); purple = South Arabia (Yemeni Highlands); green = South-east Arabia (Hawf Mountains and Dhofar Mountains); yellow = East Arabia (Al Hajar Mountains including Musandam Peninsula). Cross-hatched areas indicate areas with sparse historical evidence of the Arabian leopard.
